## EXPERIENCE

**Capstone – Full Stack Web Developer** | NU Manila | Manila

March 2025-October 2025

- Engineered a full-stack inventory solution using the MERN Stack (MongoDB, Express, React, Node.js), enabling real-time tracking of raw materials and finished couture products to streamline stock management.
- Architected a modern, responsive user interface by utilizing Tailwind CSS and ShadCN components, delivering an intuitive UI/UX that optimized navigation and data visualization for administrators.
- Developed robust RESTful APIs to manage server-side logic and database operations, ensuring seamless data synchronization between the web dashboard and the mobile application.

**Customer Service Representative (Non-Voice)** | Concentrix | Mandaluyong

September 2023 – November 2025

- Diagnosed and resolved complex customer issues via live chat and email, utilizing critical thinking to identify root causes and provide accurate solutions under tight deadlines.
- Demonstrated strong technical documentation skills by maintaining clear, concise, and professional written correspondence while managing multiple concurrent chat sessions.
- Leveraged CRM and support ticketing systems to track user inquiries and requests, ensuring high data accuracy and adherence to service level agreements (SLAs).
